NEC

TWINPOS 3500G1

COMPACT TOUCH POS TERMINAL

OPERATE WITH CONFIDENCE

TWINPOS3500G1 provides the most reliable hardware with industry-standard OPOS compliant drivers. Features renowned NEC hardware reliability and rugged dependability in compact body.

Hardware features

- One of the world's smallest POS terminal with 292 x 203mm footprint to flexibly fit various types of counter layout
- Windows® Embedded for Point of Service supports Plug-n-Play for retail device peripherals, creates operator & customer interactions through empowering components, and provides low lifecycle cost for retailers and partners in the POS system industry.
- Industry standard CPU, memory and other key components adding system reliability
- 2.5GB flash storage model runs with zero spindle architecture to minimize hardware failures
- Enhanced environmental durability against temperature, water spill and dust, typical troubles for retail IT equipments
- USB2.0 and RS-232C ports connectable with 3rd party's POS peripherals to configure flexible store system

Specifications

CPU	ULV Celeron® M 600MHz*
Memory	DDR SDRAM 512MB
Storage	SATA80GB HDD or PATA 2.5GB flash storage (alternative selection)
LAN	10 BASE-T / 100 BASE-TX
Interfaces	USB2.0 x4 ports (2 for maintenance use) Serial x4 ports (2 with +5v powered) Cash drawer x1 port (option)
OS	Windows® Embedded for Point of Service*
Operator display	12.1" SVGA full color TFT with touch panel
Customer display	20 x2 alphanumeric line display (option)
Magnetic strip reader	ISO 1/2 (option)
Power Supply	AC 100-240V (+6%, -10%) MAX 1.2A
Power consumption	60W (max) to less than 1W (power off)
